

# Product Use and Information

## Cordial Sugar

Our Cordial Sugar is a low color, floc-free granulated sugar. It is made by crystallizing a purified and filtered thick juice syrup removed from sugar beets or sugar cane, which is then dried and screened to produce a fine granulated sugar meeting our rigid Cordial standards.

### Applications

Pharmaceuticals, cordials, liquors, and specialty candies.

### Products

Cordial Sugar is available in supersacks and 50 pound bags.

### General Requirements

This food grade product is manufactured in accordance with Current Good Manufacturing Practices and complies with the Federal Food Drug and Cosmetic Act and all other FDA regulations as well as any applicable state statutes and regulations.
