

LOCATION.

Our new, world-class bulk sugar dome & transfer facility is centrally located near Chicago.

LOCATION.

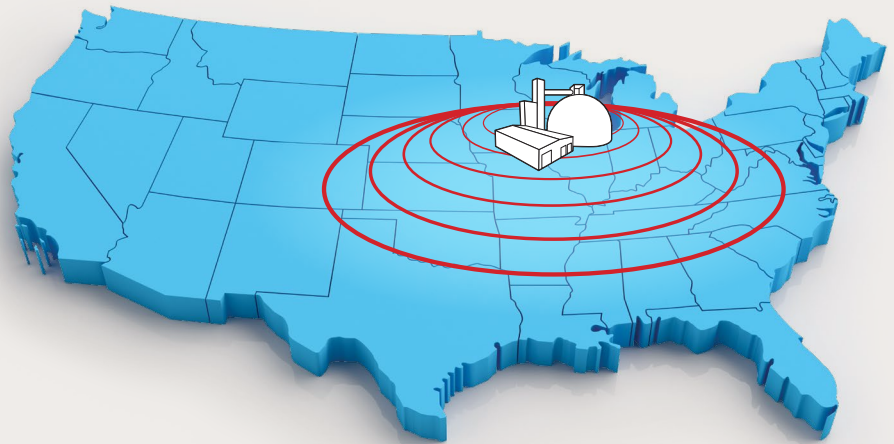

The 20-acre facility has direct rail access.

LOCATION.

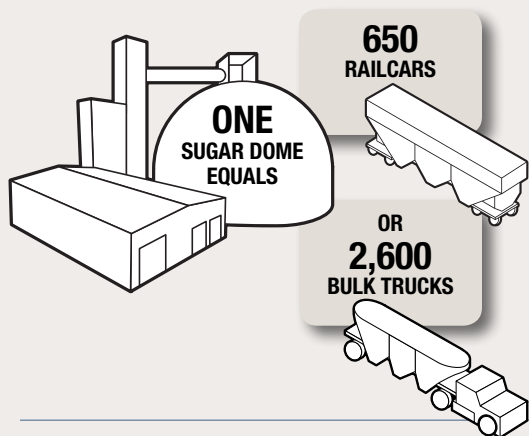

We're ready to expedite sugar to the Midwest and throughout the U.S.

The sugar you need is now closer and more accessible.

To provide you a superior level of service – with enhanced speed and flexibility – we've invested in a state-of-the-art facility that features a 26,000 square foot bulk sugar storage dome, a 17,000 square foot transfer facility and 5,500 feet of rail track space. We're ready to provide you sugar, even on a moment's notice.

Helping you operate without interruption.

- This bulk sugar is ready to ship, making United Sugars even more capable of accommodating your changing needs – with enhanced reliability.
- This unique facility is centrally located just west of Chicago, with direct rail access.
- Our 134-foot high dome holds over 60,000 metric tons of sugar.
- We have uncompromised access to both railcars and bulk trucks.

Because your needs can change frequently.

We understand your sugar needs can change. This facility allows us to respond quickly – to help keep your operation running smoothly.

To see more details, and even take a 2-minute virtual tour of the facility, simply visit www.unitedsugars.com.

Sugar that's on-time and in-spec.
From people who believe in reliability.
