

Product Use and Information

10X Powdered Sugar

Our 10X Powdered Sugar, a food grade product, is made by grinding granulated sugar with cornstarch to a grain size between 6X and Fondant sugar. The cornstarch prevents caking and increases shelf life. It is ideal for dusting, icing, and for a wide range of bakery and confectionery products.

Applications

Icing and dusting; candies and pharmaceuticals.

Products

10X Powdered Sugar is available in 50 pound bags.

General Requirements

This food grade product is manufactured in accordance with Current Good Manufacturing Practices and complies with the Federal Food Drug and Cosmetic Act and all other FDA regulations as well as any applicable state statutes and regulations.
